Memo.

The Superintendent of Stationery suggests the purchase of, from the Titaghur Paper Mills, Calcutta, a particular kind of paper (sample enclosed) for use in the Courts in the State - The paper is used in the Courts in the N. W. Provinces and elsewhere, with the approval of the High Court and of the Government of India. The paper is supplied by the Mills to Govt at Rs. 3-1- a per ream and sold by the Stamp Dept to the public at Rs. 4-8- per ream, or 3 pie per sheet - If the same arrangement be adopted in

in Mysore, Mr Leonard calculates a profit of Rs: 16,000 per annum to Government.

The paper is good and durable, and the Judges of the Chief Court and the Members of the Council are in favor of its adoption.

I think the adoption of the system by Judicial & Revenue Courts will be advantageous to Govt, as it will improve the durability of the records, besides proving a source of profit to the State.

It will take time to prepare estimate of the quantity of paper required for a year.

I

I would therefore suggest that if the proposal meets with the Dewan's approval, a provision of Rs. 50,000 or at the rate of Rs. 25,000 be made in the Budget for the ensuing official year for the purchase of the paper, and the Supt. of Stationery requested to place himself in communication with the Mills Company for the supply.

It may be arranged that the paper be made up into separate packets for each District and consigned to Deputy Commissioners direct from Calcutta. The paper may be issued from time to time, to Stamp Vendors, who will be instructed to

Sell

sell it in the same manner as they do Stamps, receiving a small percentage Commission for the purpose.

30-4-95 Albert Robinson
J.P. Councillor

Notes

1873

To award all future difficulties the terms of the contract have to be settled early as possible.

The Company now asks (1) for the refund of the cost of Ruled Rolls & (2) for a contract for 15 years.

As Mr Leonard thinks that the claim for refund is inadmissible he recommends that the contract be given for 10 years instead of the 15 but mistake - It is not known whether the Company are agreeable to Mr Leonard's proposal or not - It also a question whether it is desirable that this firm should be given a contract for such a long

In the Budget for 96-97 we have provided Rs 40000 for the paper the Firm may be supplied by the Supt.

We must think of any contract that we gain sufficient information of the supplies from the Firm, and the quantity of the paper that may be called on us all in the Province.

I think other firms may come in the field and a fair public competition may arise. So it is not at all desirable to enter into a monopoly for any length of period

Memorandum on the introduc
-tion of a Specially marked Plain
paper for use in the Courts in Mysore

---

1. The Government of India approved of a special plain paper to be used for documents intended for record in Courts and Authorized its adoption as far back as June 1872 (vide enclosure). Since that date the paper has been also authorized for use in the N. W. P., Oudh, &c. and several native States have also introduced it.

2. The paper is a plain wove sheet (sample enclosed) bearing the water mark "Stamp Office, Calcutta" in a garter, encircling the Royal Coat of Arms (British). It is manufactured under special contract by the Titaghur Paper Mills, Calcutta, which supply it direct to the Superintendent of Stamps.

3. The paper is of good quality and well fitted for "record." It is of the size of foolscap, color white, weight 7 lbs and tallies 480 sheets

to

to the Ream. The charge to Govern-
-ment of India by the Mill
is at the rate of Seven annas
per pound = Rs. 3-1-0 per Ream.
The authorized (see enclosure) rate
of sale to the public is at three
pies per sheet = Rs. 7-8-0 per Ream
so that Government derives a profit
of Rs. 4-7-0 on the sale of each
Ream.

4. The Titaghur Paper Mills,
Calcutta supplies the Mysore Govern-
-ment with its Stationery and
would be prepared to supply this
special paper with a special water
mark on each sheet (adapted for
the Mysore State) for the same rate
as quoted above viz. Rs. 3-1-0 per
Ream of 480 sheets. The cost of trans-
-port of the paper from Calcutta
to Bangalore would be about 3 to 4
annas per Ream bringing the
charges up to Rs. 3-4-0 or Rs. 3-5-0
per Ream delivered at Bangalore.

5 5

5. In the Courts under the Government of Bengal alone, it is stated that an annual income of between 40 and 50,000 Rs is derived from the sale and use of this special plain paper. Assuming that only 4,000 reams would be used in the Courts of this Province — a very low estimate — the State would realize an income of Rs. 17,000 ie 4000 at 4½ Rs, or allowing for commission on sales, &c. at 6½ per cent, there would be a clear gain of 16,000 Rs per annum which no doubt would go on increasing.

6. The paper for Mysore could be ordered at once. A design for a Water mark is also enclosed.

T. T. Leonard

8/1455

Part III Sec: 3 of Stamp Rules

Plain Paper for use with Adhesive Court Fees stamps.

To provide against adhesive Court Fee stamps being affixed

Use of plain paper } to documents written on paper unfitted for the purposes of record, the Government of India have approved of a special kind of paper for use with the court fee labels. The size of this paper is 13½ inches long by 8½ inches wide, and the use of it for the purpose intended is authorized by the High Court in their order No 22 dated 28th June 1872, published at page 67 of the Calcutta Gazette of the 24th July 1872.

N. B. – It may be a question whether revenue, judicial and magisterial officers could refuse to receive an application or a petition merely because it is not written upon paper of a particular size or description, provided that it is of a kind sufficiently durable to be adopted for record, but they clearly would be justified in refusing permission to file a document written upon paper obviously unfitted for this purpose.

2 The plain paper used for court-fee stamps shall be sold to the public through the licensed vendors at one piece per sheet,

Sale of such paper } and the district officers should apply to this paper the same kind of check and supervision as obtains in the case of stamps, and enter the necessary particulars in their monthly accounts (form D.) rendered to the Superintendent of Stamps. District officers should further submit to the Superintendent of Stamps, separate indents for the paper in question, instead of including it in their stationery indent.

3. Every licensed vendor of stamps, who purchases from

Discount on such paper } Government by payment of ready money the plain paper used for Court-Fee stamps of the total value of Rs 2 and upwards, shall receive the same at a discount of 6¼ per cent. or one anna in the rupee. The local officers should carefully supervise the working of this arrangement, to ascertain whether any extortion is practised by vendors of the paper in demanding from purchasers more than the fixed price of one price per sheet.

4 The plain paper used for court-fee stamps shall be obtained

Mode of obtaining it. } by the local officers in the same manner as stamps are obtained.

No. 160 Mysore Government Stationery Depot.

From

The Superintendent of Stationery

To. SR 81-1412

The General Secretary
to the Government of Mysore.
Bangalore dated 12th December 1895.

Sir

Referring to para 4 of Government Proceedings Genl No. 3914 / Mis No. 580 dated 16th September 1895. I have the honor to report that I placed myself in communication with the Agents, Titaghur Paper Mills, Calcutta, and instructed them to arrange for the supply of 8,040 Reams of Special Water Mark paper. I prepared a correct design of the Water Mark and supplied the same to the Agents. The latter then indented on England for a Dandy Roll embodying the Special Water Mark and deputed one of its members to the English Firm to see that the Mark was properly delineated.

2. The Dandy Roll has been received in Calcutta, the manufacture of the Special paper has been put in hand and the Agents having

sent

sent a sample of the Mysore Government Special Water Mark Paper, I beg now to enclose the same.

3. I expect the first consignment of this paper shortly and have arranged with the receiving Agents at Madras – Messrs: Gordon Woodroffe & Co: – to despatch the bales as received direct to the several Districts, by which there will be a large saving of time and expense to Government by economizing transit charges.

4. The following will be the quantity of paper sent to each District, which is as far as possible approximate to the amount as laid down in para 1 of Government order under reply.

		Reams	Rs	as	P.
1	Bangalore District	1620	4,961	4	"
2	Mysore Do	1620	4,961	4	"
3	Shimoga Do	1320	4,042	8	"
4	Kolar Do	840	2,572	8	"
5	Tumkur Do	840	2,572	8	"
6	Chitaldrug Do	600	1,837	8	"
7	Hassan Do	600	1,837	8	"
8	Kadur Do	600	1,837	8	"
			24,622	8	"

5. In conclusion I beg to report that Titaghur Paper Mills Company have all along shewn a great

5 3

great desire to meet the wishes of Government in this matter of the Special Water Mark Paper and the fact of the Firm deputing a reliable Member to England to personally superintend the making of the Dandy Roll ensures the Government against any attempt at fraud and secures to the Mills the sole right to manufacture this paper for the Mysore Government, in the same way as the Titaghur Mills have the right of manufacture for the Government of India Special Water Mark Paper.

The Supdt. Wk. desires that no dies be made for this paper for the present.

SR 81-96-13

From

The Superintendent of Stationery

To

The Secretary to the
Government of Mysore.
General Department
Bangalore 20th February 1896

Sir

I have the honor to submit for the favorable consideration of Government two letters, dated (returned) X 15th July 1895 and 9th December 1895 from the Agents of the Titaghur Paper Mills Company, Calcutta, with reference to the manufacture of Special Water mark paper recently introduced for use in the Courts in Mysore, and the first supply of which, being 8040 reams, has been received and distributed to the various Districts as per my letter No 160 dated 12th December 1895.

2. In their letter of the 15th July 1895 the Agents state that they are prepared to enter into an agreement with the Government of Mysore for the supply of the Special Water Mark Paper on the same terms in which they have agreed with the Government of India.

The

The company has had to undergo some heavy preliminary expenses before the paper could be manufactured for Mysore and the ready & willing manner in which they have undertaken this, and the prompt supply of the first Indent, are points which I have no doubt will carry weight with the Government in disposing of the question of a contract.

3. The Company ask for a Contract to extend over 10 years in their first letter & subsequently ask for 15 years in their second letter. I am strongly of opinion that the bond of Contract should be for 10 years in the first instance & if the Company gives satisfaction, a second period of 5 years may be granted by Government. I am not inclined to recommend that, like the Government of India, we should refund to the Mills the cost of the Dandy Rolls or bear any other expenses which may have to be incurred by the Mills such as the erection of special Store room or the providing of a special cutting machine, as indicated in the second para of the Agents' letter of 9th December 1895. All these expenses should be borne by the Mills in consideration of a long period of Contract.

4. I have delayed putting this matter of the Contract before Government from motives of prudence, being

being desirous of securing & proving that the Mills were capable of answering any calls that would be made on it for our first supply of Special Water Mark Paper. As everything is in order now and the Agents have in the space of 2 months sent no over 8000 Reams without a hitch, I feel it my duty to suggest that early steps should be taken to enter into a Contract with the Mills for 10 years on the lines sketched in para 3 of this letter, specially in view of the demand that is likely to be made ere long for a second supply of the Special Water Mark Paper & provision for which of Rs 40,000/- has been asked for by me in the Budget for 1896-97.

5. Now that the Special Water Mark Paper will come into use from 1st March next and it will be necessary to keep stock up to meet requirements it will cause very great inconvenience if any hitch in the manufacture or supply is caused, and I beg strongly to recommend that early orders favoring the Contract with the Mills be passed.

I have the honor to be
Sir
your most obedient Servant

The Agents
Vilashur Mills
Calcutta

Dear Sirs

On a recommendation made by me to the Government of Mysore, it has been decided to introduce into Mysore a special plain white paper to be used for records in Courts in this Province, which paper is to be in every way, weight, color, size, quality &c. the same as the special record paper used in the Courts under the Government of India, excepting the Water Mark, for which I enclose you the design which has been approved of by the Government of Mysore for its own paper.

I beg you will be good enough to put in hand the manufacture of this paper at once and let me know when I may look for a first supply. I enclose you a copy of the Memorandum I submitted to Government and the Government order thereon. I also enclose you the sample sheet of plain paper, which I obtained from you & which sheet I submitted to the Government of

of Mysore and which has been approved of. I beg you will kindly return this sheet to me after placing your Mills Stamp on the Same, in order that the Sample paper may be kept on record in the Stationery Depot here for reference when needed.

I Shall address you again on the Subject of quantity required, and if you have any suggestions or observations to make I shall be glad to have them. Meantime hasten as much as possible the manufacture of the paper.

I am &c.

(Signed) J. J. Leonard.

Enclosure No.

Sirs

In continuation of previous correspondence on the subject of Special Water marked paper for Government of Mysore, I have the honor to request you will be good enough to forward to me, as early as possible, 8040 (Eight thousand and forty) reams of this paper. The paper should be put up in bales of 60 reams each so that there will be in each bale, 480×60 = 28800 sheets.

There should be in all 134 bales, and each bale should be marked with the letters S.W.M. (Special Water Marked) and you

6 46

you might number the bales consecutively from 1 to 134. In view of saving charges it is my intention to arrange with Messrs: Gordon Woodroffee & Co: Madras to whom the bales will be consigned by you, as usual to forward the paper direct to destinations.

I request therefore you will be good enough to ask Messrs: Gordon Woodroffee & Co: to be specially careful about the warehous= =ing of the paper; all the bales should be kept under lock and key in their Godowns, and despatched to Railway Station under charge of a trusted Servant of the Firm.

I have &c

(Signed) J. J. Leonard

The Superintendent of Stationery
Mysore Government
Bangalore.

Sir

We have the honor to acknowledge the receipt this day of your letter No. 1540 of 9th instant requesting us to manufacture & forward as soon as possible 8040 reams of Special Water Marked paper which shall have our best attention. The first consignment under this Indent has been shipped by us per S. S. "Aglaia" which leaves direct for Madras tomorrow morning, it consists of

T.P.M. Madras
#4215/4239 — 25 Bales, each containing 60 Reams of Special Water Mark paper 8½ x 13½ - 7 lbs
= 1500 Reams.

The steamer will arrive at Madras by the 18th or 19th Instant & we have no doubt you have already sent all necessary instructions to Messrs: Gordon Woodroffee & Co: for the disposal of the first Shipment on arrival at Madras. We are also writing to Messrs: Gordon Woodroffee & Co to-day and we feel sure they will give your instructions

8 48

instructions their best & careful attention

We note that you wish the Bales marked S. W. M. which will be attended to in respect of future Shipments - the present numbers completed & shipped before receipt of your letter under reply & bear our usual marks T. P. M. and we numbered from 4215 to 4239.

Trusting that our letter of 9th December will receive due consideration & that we will soon be favored with a reply.

We have the honor to be

Despatched — do —
No 233.

Sirs,

In reply to your letter of the 10th Instant, I have the honour to request that you will make arrangements to be prepared to supply 12,240 Reams of Special Water Mark Paper for the Mysore Government, which is the probable requirement for next official year. The exact quantity required cannot be gauged yet, but it will not be less than the quantity now intimated. I would suggest that you should be prepared to ship and forward 50 or 60 bales at once on receiving application from me.

I take this opportunity of saying that your Agents at Madras Messrs Gordon Woodroffe & Co have given me much valuable assistance by their

prompt and punctual attention to any instructions regarding the ~~despatch of the~~ different consignments of the last supply of Special Water Mark Paper to the various Districts direct from Madras.

I have &c
